

Power Panel is a Lambda Duratrans, backlit panel produced at a larger width that bows outward towards the audience when placed on a curved or flat wall pop-up display. It is a fantastic way to display your message or product and really differentiates you from other pop-up displays at your show.

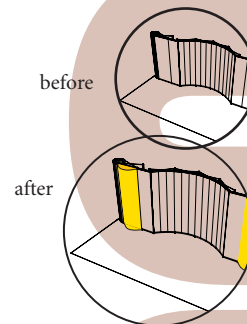

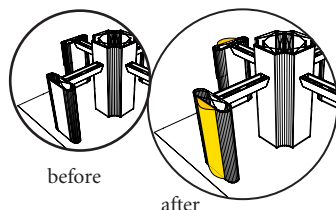

A reflector panel is attached behind the Power Panel to create a light box.

*Power Panel Dimensions	34" wide X Normal Panel Height
*Reflector Panel Dimensions	30" wide X Normal Panel Height
Light Fixture Kit(s):	
Standard Floor Pop-Up	3-1 bulb fluorescent fixtures with 4 pretzel bulbs
Standard Table Top	2-1 bulb fluorescent fixtures with 3 pretzel bulbs
Light Fixture Dimensions	1.75" x 8.125" x 8.25"
